

KFoldDatabaseReader
::getTestReader

createFiles

```
graph LR; A[createFiles] --> B[KFoldDatabaseReader::getTestReader]
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'KFoldDatabaseReader' on the top line and '::getTestReader' on the bottom line. The box on the right is white and contains the text 'createFiles'. A dark blue arrow points from the right side of the 'createFiles' box to the right side of the 'KFoldDatabaseReader::getTestReader' box.
